GUARANTY

All my Gladiolus bulbs are guaranteed to be first size and of extra quality, true to color and name. They will be replaced or your money refunded if proved not to be so. I respectfully request that I be informed if at any time there is cause for dissatisfaction, in order that I may have any error rectified at the earliest moment.

PLEASE NOTE

For the prices quoted, I deliver bulbs, transportation free, to all points in the United States. Kindly bear this in mind when comparing my

prices with those of other growers.

No order for less than fifty cents can be accepted.

Small orders are filled with as much care as large ones. Special prices will be quoted if 250 bulbs or more of one variety are desired. Planting instructions are inclosed with each order.

I am able to supply, at moderate prices, several varieties not listed here.

PLACE YOUR ORDER EARLY

It is to your advantage, and to mine, to place your order as soon as possible after receiving this catalogue. Please state whether you want the bulbs sent to you at once or at the proper time for planting. You will receive an acknowledgment of your order by return mail.

MY SURPRISE BOX

This box is especially adapted as a Christmas or Easter gift. Your friends will appreciate it, and enjoy the beauty of these wonderful flowers for several years.

The twenty-five (25) bulbs in this "Surprise" Collection will make a garden large enough to create a handsome effect. They will be well packed; a card bearing your name will be enclosed; full instructions for growing will be included, and the whole sent postpaid so that the boxes will reach their destination just before Christmas or Easter.

"SURPRISE" GLADIOLUS COLLECTION 25 BULBS, POSTPAID, FOR \$1

MIXTURES

A Very Fine Mixture, containing several of the best varieties, accidentally mixed in the handling and growing. 25 cts. per doz., \$1.50 per 100.

Exhibition Mixture, consisting of high-grade varieties, selected very carefully, with the purpose of securing a well-balanced combination of colors. 45 cts. per doz., \$3 per 100.

PRIMULINUS HYBRIDS

The following varieties were all originated by Mr. A. E. Kunderd. They form an entirely new strain, produced by crossing the fine yellow species, Primulinus, with some of the choicest varieties of the existing type. The flowers are very graceful, having retained all the daintiness of their Primulinus parents. The stems are slender, but strong and very tall. One bulb will very often produce several flower-spikes, thereby prolonging the flowering season considerably.

If you can afford but one kind this year, you will be more than repaid by the wonderful coloring, pleasing form, lasting qualities, and rapid increase of this class.
